At 8:48 a.m. on Sept. 11, a hijacked American Airlines commercial jetliner crashed into one of New York City's World Trade Center towers. At 9:05 a.m., a second plane crashed into the second tower. As people tried to evacuate, the impact and heat from the crash caused the first tower to tumble to the ground in enormous clouds of smoke and debris. The second tower collapsed shortly thereafter.

By 9:40 a.m., a third hijacked plane crashed into the Pentagon, and a fourth crashed one hour later near a wooded area in Western Pennsylvania. Nearly 4,200 lives were lost.

The hijackings were part of an intended multitude of terrorist attacks on America headed by Islamic fundamentalist and wanted terrorist Osama Bin Laden and his al Qaeda terrorist network. Bin Laden has been making open threats against America for many years, demanding the U.S. withdraw involvement from the Middle East.

President Bush insisted that the Taliban (the ruling government of Afghanistan) turn over Bin Laden to the U.S. When they repeatedly refused, U.S. and allied British forces began weeks of bombing Afghan cities, including its capital city Kabul, successfully toppling the Taliban regime and destroying Afghan havens for terrorists.

The 2001 baseball season was touted by some as one of the most exciting offensive seasons in years. The World Series ended in a surprise victory for the Arizona Diamondbacks, who beat the New York Yankees 3-2 in the seventh inning thanks to an RBI single by Luis Gonzalez. San Francisco Giants star hitter Barry Bonds finished up with 73 home runs, breaking Mark McGwire's 1998 record of 70 in one season. Bonds also became the first player to win four Most Valuable Player Awards.

Advanced Cell Technology President and CEO Michael West announced the company successfully cloned a human embryo for the purpose of mining stem cells.

Throughout the year, the controversy over the ethics of stem cell usage, a process which may help scientists treat serious diseases, has grown because the cells are taken from human embryos, causing the embryo to be destroyed.

Comedy 'Harvey' chosen for annual fall play

"Harvey" was presented by the Genesius Players as the annual fall play Nov. 16-18. Director Cathy Kirsch said she chose this play because she wanted something to challenge the cast and crew, but also for its name recognition.

The plot of the play revolves around a six foot, one-inch white rabbit, but it is also about a man who loves life and his family deeply and goes out of his way to make total strangers feel like family.

Approximately 40 students auditioned for the 12 roles. Besides the student performers, Miss Shirley Mumuagh, Mrs. Mickey Goodrich and Ms. Kirsch shared the part of Mrs. Chauvenet.

Senior activities continue without helper day

When the seniors received their list of senior activities, the popular Helper Day had been eliminated. This was largely due to problems with the day in the previous school year.

The activities began May 24 with the Senior Class Picture and Camera Day, while May 28 was Signature T-shirt Day and No Tardy Day. On that day, the seniors were able to be three minutes late to each class.

Seniors received breakfast and a special lunch May 30, and they were able to arrive one hour late to school May 31.

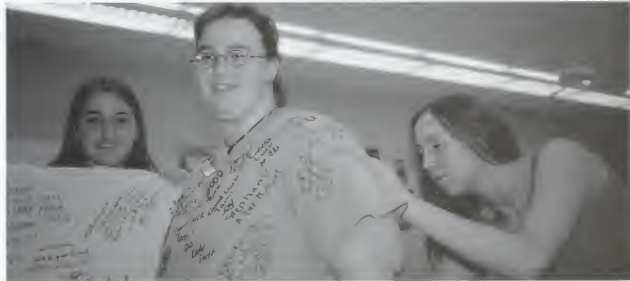

From May 28 through May 31 all seniors were dismissed one minute early from their third period classes to go to lunch.

Miss Sherry Williams retires as principal

After 33 years in education, Principal Sherry Williams retired at the end of the school year. Miss Williams was the principal at HHS for seven years, as well as assistant principal and athletic director for another seven years.

Miss Williams said she retired because she is ready for a more relaxed schedule. She wants to go somewhere warm to play golf, catch up on reading, and do some community service activities.

Miss Williams attended Clinton Prairie High School in Colfax, a small town with the population of about 750. After high school she attended Ball State University to get her bachelor's degree. Then she attended Purdue University Calumet to work on her master's in education and her certification in administration.

Miss Williams said she had no one best memory of HHS. "It has all been wonderful. It's all one big memory." The daily contact with students and staff is what Miss Williams said she will miss the most.

However, she said she will not miss the long nights and not making everybody happy with tough decisions.

What was her favorite part of being the principal? "Watching a freshman class come and seeing them grow academically and socially as a class and as individuals."

What advice would Miss Williams give to students wanting to be teachers? "There is no more important career than teaching because the greatest lawyer, doctor, chemists, etc., got there because of a great teacher. You will never be able to define the rewards you can get from seeing a student grow academically and socially."

Principal Sherry Williams reminisces about her career at a party in her honor at the end of the year.

Congratulating Principal Sherry Williams for her many years of service to Hobart High School is Mrs. Nancy Norris, school board president.

It's graduation day in Brickie Bowl, and the sun is shining, which pleases Principal Sherry Williams.

A large, light gray circle serves as a background for the year '2002'. The digits are rendered in a bold, stylized font. The first '2' and the final '2' are black with white outlines. The two '0's are white with black outlines and contain black dots. The entire graphic has a dynamic, slightly blurred appearance with motion lines around the digits.

Chuck,

I just wanted to remind you of some good times. . .The song, "Stellar," dyeing your hair blonde, The Lake County Fair, 4th of July, visits to Cory's work, Pizza, Semi-2001, The Wizard of Oz Fest, Cards (I know you cheat!), Applebee's, Playing Tennis, The Art Theater. The game RISK (I am still undefeated-yk), The Popcorn Festival, "Freddie Got Fingered" (I HATE THAT DUMB MOVIE!!) listening to Scott's song, and playing on the swings. But, most of all, I want to remind you that I love you very much, and I am Always here for you! (And don't worry. There are more good times to come!)

Love Always, Tara (10-23-00)

Tara,

Can you picture it? I can! We have had our fair share of tough times, but we have had more excellent memories than my pen could write. I think that what we have is very special. I just want to say you are the best thing that has ever happened to me, and I couldn't be happier. So thanks for putting up with me. I look forward to our future together.

Chuck

Advice from Mom

Remember life will sometimes throw you curves. Be prepared to duck and keep going.

Remember life will knock you down. Don't let it keep you down. Stand up and know that you can get knocked down again, but never stop getting back up.

Remember love can sometimes break your heart, but don't let it leave you bitter. Real love is out there somewhere.

Remember in life there will be bad times and good times. The good times will get you through the bad times. The bad times will make you stronger.

Remember to always believe in your dreams--never doubt yourself. Believe you can achieve it and with hard work, you will. Even if others tell you that you can't let your inspiration to prove them wrong.

Remember when you have hard decisions to make to follow your gut reaction, it is usually right. Let your conscience be your guide. If you make a mistake it is not a mistake if from it a lesson is learned.

Remember that whatever you do in life, whatever path you choose to follow that I love you and am proud of you today and always.

*I Love You,
Mom*

Congratulations! Joel D. Kertz

As grandparents, we have had the privilege of living close to our grandson, Joel. So we have been able to watch him grow up and share his life. We have gone to see his baseball, soccer, and basketball games. In high school, we were his fans at his swimming meets and tennis matches. We have marveled and envied his talent as an artist even as a small child. What a void we would have had in our life without him. Thank you, Joel.

Dear Heather,

Congrats on your graduation from high school. It seems like only yesterday we were pushing you around in a stroller in Disney. You have grown up to be a very beautiful young lady with great potential to be anything you want to be. Good luck at school and in your future endeavors. We are very proud of you and have enjoyed watching you grow up into a wonderful person!

We will love you always,
Mom and Dad

Dear Heather the Feather,

Congratulations! I am so blessed to have you as my sister; you are my best friend! You have grown up to be such a beautiful person inside and out. Here is some advice for the future from one of the best, Dr. Seuss.

"You'll get mixed up, of course, as you already know. You'll get mixed up with many strange birds as you go. So be sure when you step, step with care and great tact, and remember that Life's a Great Balancing Act. Just never forget to be dexterous and deft. And never mix up your right foot with your left. And will you succeed? Yes! You will, indeed! (98 and 1/4 percent guaranteed.)"

I love you so much and know that you can achieve anything that you put your mind to.

Love,
Stefanie
